What were the circumstances that caused you to initially look for a financial adviser?

We realised that our savings would not stretch to completing the refurbishment we wanted to our home, so having heard of equity release we asked our financial adviser if she could recommend a broker; she recommended Acclaimed Mortgage Consultancy.

How has Sandy helped you?

Sandy and Gavin visited us to discuss our needs and financial situation, explained the various options open to us, advised on which option best suited us, then with our agreement searched the market on our behalf. They were patient with us as our circumstances changed and we were confident that they were looking after our best interests. Everything was above board; they were open with us about the fee they would charge us and the fee they would receive from the selected company to which they introduced us.

Have you seen the outcome you were hoping for?

Certainly. The scheme selected is one which is comfortably within our means, and by paying the interest as we go along it avoids the interest being rolled up and taking a massive chunk out of the asset of our home in due course.

What could they have done better?

We do not believe Acclaimed Mortgage Consultancy could have done any better than they did. Their knowledge, their ability to explain things in a straight-forward manner, their

patience, and ultimately finding the right product for us, as previously said, we were confident that they were looking after our best interests.

What were the circumstances that caused you to initially look for a financial adviser?

How has Sandy helped you?

Sandy was professional and helpful and gave us the exact guidance that we required. She was prompt and quick to research and chase up other professionals dealing with our case.

Have you seen the outcome you were hoping for?

The outcome was exactly what we were hoping to achieve and this was all down to Sandy and her persistence and expertise. We are extremely happy with the results she produced for us.

What could they have done better?

What were the circumstances that caused you to initially look for a financial adviser?

I needed to access an equity release solution for a family friend. The particular circumstances were complicated and we needed someone who was experienced enough to navigate us through the process. Sandy was recommended by my own financial adviser

How has Sandy helped you?

Sandy gathered the information she needed and searched the market before coming back to us with her recommendations and the deal she secured for us was better than any I had managed to find when I searched independently. Once the application was in, she kept us informed of progress all the way through until completion. From the very first meeting, it was obvious that Sandy knows her stuff on equity release. But for me, it wasn't just about the numbers and the service provided by Sandy and her team has been exemplary.

Have you seen the outcome you were hoping for?

Absolutely! We have just closed on the equity release and simultaneous freehold purchase, and I couldn't be more pleased. We were on a deadline to complete and there were a few legal hitches along the way which were nothing to do with Sandy or the lender but nevertheless, her team worked hard to iron them out
